CONFRONTING INSTITUTIONAL RACISM 3-DAY WEEKEND TRAINING

A Message from the Trainer

As a racial justice advocate for over 25 years, I look forward to a gathering of Friends and to work towards a committed effort to address power, privilege, race, internalized and systemic structures that exist in our communities.

✧ End Racism Now ✧

This training offers an unprecedented opportunity to engage an issue that we are all familiar with. Most of us have dedicated countless and thankless hours, now is our time to have our efforts bear fruit.

HOW TO MOVE BEYOND RECONCILIATION

Overcoming the denial of our failure to adequately address

that we have been co-opted by needs, priorities and

racism in Quaker communities is only the first step along the path of transformation that works hand in hand with deeply

accepting God's love. The path that we have chosen as involves revealing and naming the ways

expectations that have nothing to do with God's Kingdom.

To sign up to participate in the weekend training, please contact the

Friends Center for Racial Justice.
